

Election Experience Data Report

The goal of the Election Experience Data Report (EEDR) is to identify useful information for the public, public advocates and the county. The EEDR intends to support our county's ongoing pursuit of election integrity and the fulfillment of voting rights. The EEDR intends to collect informative, objective, and quantifiable measures to provide a rich image of each of Allegheny County's elections. Hopefully the EEDR measures will provide a basis for enhanced clarity in ongoing dialogue. We respectfully request the county provide the following information.

Election Experience Data Report:
